Downloading eBooks onto an Apple iOS device

Actions before downloading an ebook from dawsonera:

Register for an Adobe ID via www.adobe.com or have an existing Adobe ID

Download the Bluefire Reader app from the Apple App Store and authorise with your Adobe ID

Download and install the Adobe Reader app from the Apple App Store or have an existing version of Adobe Reader on the device

eBooks from dawsonera are available to download in either EPUB or PDF format

The download window will show "Get Adobe Digital Editions" in the bottom left-hand corner if the ebook is an ePUB file or "Get Adobe Reader" if the ebook is a PDF format. Each format has separate access requirements outlined below:

Downloading an ebook on dawsonera from an Apple iOS device

1. To download an eBook, log into [dawsonera](#) on the Apple iOS device, search for the required title and click twice on the download icon

2. Choose the length of the download from the drop down menu and click download (see fig.1)
