Primary Care

This hOT Topic contains information relating to the Occupational Therapist’s role and involvement in Primary Care.

This hOT Topic is a starting point and overview of key readings including articles, books and selected websites for members of the College of Occupational Therapists relating to Primary Care. This Bulletin is not exhaustive and does not provide information about all issues that affect occupational therapists.

To order articles please request a photocopy form from the library. The form can also be downloaded from our website (www.cot.org.uk). Please note all photocopies will now be supplied at a standard charge of £3.00 per article. This includes post age and handling. A maximum of six articles can be ordered at any one time. This service is only available to BAOT members.
