## Key national guidelines, standards and documents that guide/influence occupational therapy care of older people

## All forums

Department of Health (2001), National Service Framework for Older People 2001. London: DH.

http://www.dh.gov.uk/en/Publicationsandstatistics/Publications/PublicationsPolicyAndGuidanc e/DH 4003066

The link below will take you to the University Of Nottingham's Division of Rehabilitation and Ageing website. You will find learning resources on various topics related to older people's health, many of which will be of particular interest to OTs working in acute hospital settings. The resources are primarily aimed at undergraduate medical & nursing students, but will be useful for other professional groups including OT. The resources are freely available and can be completed at your own convenience.
